

Tata Steel Limited

Circular Economy Initiatives

- Tata Steel signed a memorandum of understanding (MoU) with the Government of Punjab to set up a 0.75 million tonnes per annum (MTPA) steel plant in Ludhiana with a scrap-based electric arc furnace (EAF).
- This greenfield investment is a part of Tata Steel's commitment to invest in circular economy and transition to low-carbon steel making to achieve net-zero carbon emissions by 2045.
